

Bloom — Design Document

Version: 1.1

Author: AnastasiaE3

Last Updated: May 2026

1. App Identity

Name: Bloom 

Vibe: Warm, personal, soft, feminine — like a beautiful planner you actually want to open every day.

Not: Corporate, cold, or cluttered.

2. Color Palette

Name	Hex Code	Usage
Peach	 #F4A882	Page backgrounds, section accents
Coral	 #F07878	Hover states, secondary buttons, tags
Mauve	 #B87AA0	Primary accent, headings, today highlight, active nav
Cream	 #FFE8C8	Cards, day cells, main background
Dark Text	 #3D2B1F	All body text, day numbers

How colors are used together:

- **Background:** Cream  #FFE8C8 or Peach  #F4A882
 - **Cards & cells:** Lighter cream, soft shadow, no harsh borders
 - **Primary buttons & highlights:** Mauve  #B87AA0
 - **Secondary/hover:** Coral  #F07878
 - **All text:** Dark warm brown  #3D2B1F — never pure black
-

3. Typography

- **Font style:** Clean, modern, slightly rounded
 - **Headings:** Mauve ( #B87AA0), bold
 - **Body text:** Dark warm brown ( #3D2B1F), regular weight
 - **Day headers (MON TUE etc.):** Small caps, light weight, muted color
 - **Day numbers:** Small, top-left of each cell
 - **Empty state messages:** Italic, soft color, friendly tone (e.g. *"No appointments today. Enjoy your day! 🌸"*)
-

4. General UI Rules

- **Rounded corners** everywhere — buttons, cards, inputs, cells
 - **Soft shadows** on cards — nothing harsh or heavy
 - **No hard borders** — use shadows and background color contrast instead
 - **Generous padding** — things should breathe, never feel cramped
 - **Smooth transitions** between views
 - **Mobile responsive** — works on phone, tablet, and desktop
-

5. Views — Visual Style

Year View

- Peach/cream background for the page
- 4 columns × 3 rows grid of month mini-cards
- Each card: light cream background, rounded corners, soft shadow
- Month name in mauve at the top of each card
- 7-column mini calendar grid inside (M T W T F S S)
- Today's date: small mauve circle around the number
- Clicking a month → opens Month View

Month View

- Peach ( #F4A882) page background

- One large rounded card containing the full month grid
- Day headers: MON TUE WED THU FRI SAT SUN in small caps
- Each day cell: soft cream ( #FFE8C8), rounded, large and spacious
- Day number: top left corner, small, dark warm text
- Today: mauve circle ( #B87AA0) around the number in white
- Clicking a day → opens Day View

Week View

- 7 columns (Monday–Sunday)
- Time slots shown vertically down the left side
- Events shown as soft colored blocks inside the time slots
- Clean, uncluttered layout
- Clicking a day → opens Day View

Day View

- Single day, full detail
- Collapsible sections with soft pastel section headers:
 -  Appointments & Meetings
 -  Notes
 -  Lists
- Big friendly  button to add new items
- Empty sections show a friendly message, not a blank space
- Reminder badges shown as small pill tags in mauve/coral

6. Components — Visual Style

Appointment Card

- Soft cream card with rounded corners
- Clock icon + time on the left
- Title bold, location in smaller muted text
- Reminder pill tags below:  /  / 
- Coral or mauve pill colors

Notes Section

- Large open text area
- No visible border — just a subtle background change
- Comfortable line height for journaling

List (Checkbox)

- Each item has a round checkbox on the left
- Checked items: strikethrough text, faded color
- link at the bottom of each list
- button to create a new named list
- List name shown as a small heading above items

Navigation Header

- App name "Bloom" with a small flower icon on the left
 - Year / Month / Week / Day toggle buttons in the center
 - Active view button: mauve background, white text
 - Inactive buttons: transparent, dark text
 - Today button + left/right arrows on the right side
-

7. Interactions & Animations

- **Hover on day cell:** Slight background darken, cursor pointer
 - **Click on day/month:** Smooth fade or slide transition to new view
 - **Checkbox check:** Smooth strikethrough animation
 - **Adding a new item:** Slides in smoothly, no jarring jumps
 - **Empty state:** Friendly illustration or emoji, soft italic text
-

8. Inspiration & Mood

The overall feel should remind you of:

- A beautiful paper planner or journal

- Soft watercolor tones
- Something cozy you want to open every morning

It should never feel like a work tool — it should feel personal and yours. 🌸
